CODE SECTION: Administration

TOPIC: Occupancy Load Calculation for Bars and other uses requesting NFL television coverage or equivalent

PURPOSE/REASON: To create the capability for any technical staff member to provide the same resolution.

INTERPRETATION: Policy for providing occupant load analysis for taverns requires:

1. Permit application filed by the applicant
 - a. Submit a scaled or dimensioned floor plan for the space where the television will be located.
 - i. Occupant load factors (15 SF/occupant for dining as an example) will be required by the current code using net square footage.
 - ii. Deduct the back of bar and large fixtures such as pool tables.
2. Base fee is \$125.00 unless conditions require more than one hour for the Plans Examiner. Additional hours are payable at the rate found in the current ordinance.

TOPIC: Occupancy Load Calculation for Bars and other uses requesting NFL television coverage or equivalent – Continued

3. Using our form letter we provide the tavern with the information requested for their license (see attached).
4. Permit Technician completes their review.
5. No hard card is issued for this activity.
6. Records are filed and our action is completed.

Approved: Chris Knight, Building Official
